PEDIATRIC NEUROPSYCHOLOGY

Peach Tree Clinic is now accepting referrals for pediatric neuropsychological evaluations – **immediate scheduling!**

Kristin Thompson, PhD, Licensed Psychologist

Peach Tree Clinic is expanding services and has added a child psychologist, Dr. Kristin Thompson, to the team. Dr. Thompson has been practicing since 2011, and her primary specialization is in pediatric neuropsychology. She specializes in the assessment of children (early childhood thru young adults) with various medical conditions, head injuries, developmental delays, and childhood disorders such as autism, ADHD, dyslexia, and other learning disabilities. Dr. Thompson also has a background in special education, so she has extensive knowledge of the various ways that cognitive and developmental delays can have on a child's ability to learn and be successful at school.

Services Include:

- Neuropsychological evaluations
- Comprehensive autism evaluations (including ADOS-2)
- Learning disability evaluations
- Psychological evaluations

Referrals can be faxed to: 888-336-0944

Insurance:

Peach Tree Clinic is contracted with most major health insurance companies.

- ❖ If you have questions about referrals or insurance coverage for evaluations, please contact the office:
406-624-6599

PEDIATRIC OCCUPATIONAL THERAPY

Peach Tree Clinic is now accepting referrals for pediatric occupational therapy – **immediate scheduling!**

Amanda Mattucci, M.S., OTR/L
Occupational Therapist (Infant through Adolescence)

Peach Tree Clinic is expanding services and has added a pediatric occupational therapist, Amanda Mattucci, to the team. Amanda has been working as a pediatric occupational therapist in the outpatient setting in Missoula, MT, prior to joining the Peach Tree Clinic here in Bozeman, MT. Amanda has extensive experience and continuing education related to working with children on the Autism Spectrum, and special areas of interest include medically complex children and sensory processing disorders. Amanda has also furthered her education in Kinesiology taping, infant handling and the SOS approach to children with feeding problems. Amanda feels honored to be able to work alongside children and their families in the Gallatin Valley helping them find their full potential.

Evaluation and Treatment provided include but is not limited to:

- Sensory Processing
- Fine Motor Skills/Visual Motor Skills
- General Feeding Issues
- Deficits with ADLs
- Self-Regulation/ Social Skills
- Splinting

PEDIATRIC SPEECH THERAPY

Peach Tree Clinic is now accepting referrals for pediatric speech therapy – immediate scheduling!

Kirsten Wise, M.S., CCC-SLP

Speech Language Pathologist (Infant through Adolescence)

I have moved to a new practice:

Peach Tree Clinic is expanding services and has added a pediatric speech language pathologist, Kirsten Wise, to the team. She has been a licensed speech-language pathologist since 2013 and has been serving the Bozeman community since 2016. Kirsten has extensive experience and continuing education related to working with children on the Autism Spectrum, and special areas of interest include orofacial myofunctional disorders & motor speech disorders (Apraxia). Kirsten strongly believes in the power of play-based learning and enjoys finding ways to target functional goals within play and daily activities.

Evaluation and Treatment provided include but is not limited to:

- Receptive/Expressive Language
- Pragmatic language
- Articulation/Phonology/Motor Speech Disorders
- Cognitive development
- General feeding issues
- Orofacial Myofunctional Disorders (OMD)
